

2024

STUDENT HANDBOOK

HOBSONS BAY CLUSTER
VET DELIVERED TO SECONDARY STUDENTS (VETDSS)

DRAFT

Version Date:

7 July 2023

Hobsons Bay VETDSS Cluster arrangement is founded on a spirit of co-operation between schools and with the purpose of providing a wider breadth of learning opportunities for students.

Participating Member Schools:

1. Altona College
2. Bayside P-12 College
3. Emmanuel College
4. Homestead Senior Secondary College
5. Laverton P-12 College
6. Point Cook Senior Secondary College
7. Williamstown High School

PLEASE REFER ALL YOUR QUESTIONS IN THE FIRST INSTANCE TO YOUR HOME SCHOOL VET COORDINATOR.

For more information please contact:

Karen Kennedy
Partnership Manager
Wyndham and Hobsons Bay VETDSS Cluster
Mob: [0417 543 797](tel:0417543797)
Email: karen@wynbayllen.org.au

Privacy notice

When a student applies for a VET course, the student’s school (Home School) will assist the relevant external provider (which includes a Delivery School and/or Registered Training Organisation (RTO)) with collecting student information for the purposes of assessing the application and placement of the students in VETDSS course. The Home School’s Career Advisor or VET Coordinator will also work together with students to upload their application information into a secure online portal managed by the WynBay Local Learning Education Network, which is funded by the Victorian government.

When a student is accepted into a VET course, the Home School may assist the relevant external provider with collecting necessary student personal and health information needed for enrolment with the external provider, supporting students’ educational, social and wellbeing needs, medical emergencies and other purposes stated in the Schools’ Privacy Policy.

Once the student is accepted into the course, in order to ensure the safety and wellbeing of students and others, the school may also share necessary student information such as emergency contacts, health plans, foreseeable risks, or reasonable adjustments that it holds with the chosen VET course external provider (which includes the RTO and Delivery School) and where permitted by law.

If you have questions or wish to request access to the information, please contact your Home School’s VET Coordinator. For more information about how government schools handle student and parent information, please see:

<https://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx>

MANY TALENTS ONE VCE

Dear Student

Victoria's senior secondary education is changing.

From 2023, the new **VCE Vocational Major** has replaced *Intermediate and Senior VCAL*. This means the VCE will recognise different students equally. The new **Victorian Pathways Certificate (VPC)** has replaced *Foundation VCAL*.

Students will have more education choices, a higher-quality curriculum and better workplace experiences – preparing them for further study, training at TAFE or work.

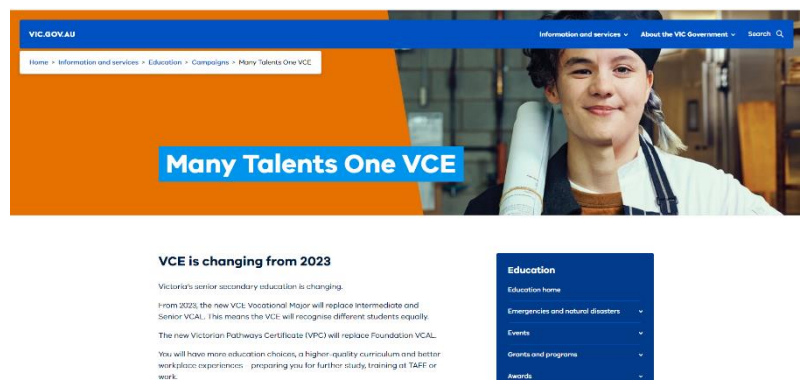

From 2023, more students will study the VCE. That is because the VCE will include the Vocational Major, a 2-year program that sits within the VCE. There will also be the Victorian Pathways Certificate for those who need flexibility in their learning. A new information and awareness campaign, Many Talents, One VCE will roll out explaining the changes.

The changes are a result of the [Review into Vocational and Applied Learning Pathways in Senior Secondary Schooling](#) (the Firth review). The review found we needed to improve vocational learning in schools. Schools currently offering VCAL will switch to the VCE Vocational Major from 2023. Some schools that do not offer VCAL will expand their options to include the VCE Vocational Major.

Now students will have greater access to high-quality, relevant vocational education and applied learning opportunities.

More information:

- Teachers and careers counsellors are available to answer questions and to support students as they make decisions about their final years at school.
- The **Many Talents One VCE webpage** provides students and parents information about the changes. For more information, go to: www.vic.gov.au/many-talents-one-vce

VCE and VCE Vocational Major

About VCE and the VCE Vocational Major

- The VCE Vocational Major is a 2-year applied learning program within the VCE.
- You will develop academic and work-related skills, knowledge and confidence.
- It will prepare you for work and further education and training.
- When you graduate from secondary school, you'll graduate with the Victorian Certificate of Education, with the additional words 'Vocational Major'.
- Read more about the **VCE Vocational Major** <https://www.vic.gov.au/vce-and-vce-vocational-major>

Victorian Pathways Certificate

About the Victorian Pathways Certificate (VPC)

- The Victorian Pathways Certificate is a flexible program. It is designed for a small number of students in years 11 and 12 who for various reasons, are not able or ready to undertake the VCE or the VCE Vocational Major.
- It will prepare you for work and further education and training, including the VCE.
- Your school can help you decide if the Victorian Pathways Certificate is right for you.
- Read more about the **Victorian Pathways Certificate**. <https://www.vic.gov.au/victorian-pathways-certificate>

WHAT IS VET DELIVERED TO SECONDARY STUDENTS PROGRAM (VETDSS)?

Vocational Education and Training (VET) programs delivered to secondary school students are designed to expand opportunities and pathways for students and improve educational outcomes in line with the Victorian Government's objective to increase the number of young people completing Year 12 or equivalent. The skills you learn relate to a career pathway, so can apply them at work or in further education and training. You can add a VET course or certificate to your studies while you're at school.

From 2023, students will be able to include VET within the new VCE Vocational Major (VCE VM) and Victorian Pathways Certificate (VPC).

Incorporating VET in your VCE or VCE Vocational Major

VET can play an important role in senior secondary schooling. When you add VET to your VCE or VCE VM studies you gain practical skills in an industry you are interested in.

VET courses:

- provide a nationally recognised qualification in a specific industry, or provide credit towards one
- contribute towards the completion of your VCE
- allow you to study through School-Based Apprenticeships and Traineeships, which are often paid positions.

VET programs in the VCE and VCE Vocational Major:

There are a range of VET programs that you can select as part of your VCE or VCE Vocational Major. Please ask your school VET Coordinator or Careers Counsellor about the VET programs your school offers.

Combining VET with your Victorian Pathways Certificate (VPC)

VET plays an important role in the later years of secondary school. Adding VET to your Victorian Pathways Certificate (VPC) gives you practical work-related skills in a specific industry.

VET courses:

- Provide a nationally recognised qualification in a specific industry, or credit towards one.
- Contribute towards the completion of your VCE.
- Allow study through a [School-Based Apprenticeships and Traineeships](#). These are often paid positions.

Talk to your school about how you can combine VET studies with your VPC.

Apprenticeships and traineeships at school

Your VCE or VCE Vocational Major can also include an apprenticeship or traineeship. You can also combine an apprenticeship or traineeship with your VPC. Starting an apprenticeship or traineeship while at school means you can get paid on-the-job training that leads to a qualification. School-based apprenticeships and traineeships give you the confidence and vocational skills that employers need.

VET credit in VCE, including the VM and the VPC

Students gain credit into their VCE, including the VM, and the VPC by undertaking:

- [VCE VET programs](#) that have been developed by the VCAA in consultation with stakeholders including industry. Information regarding the VCE credit available in each VCE VET program is published on the individual VCE VET program pages on this website.
- approved [apprenticeships and traineeships](#) that are in the same industry areas as designated VCE VET programs
- other VET qualifications, which provide credit into the VCE through [block credit recognition](#)

VET credit towards the VCE, including the VM

From 2023, the following policies will apply to VET credit towards the VCE, including the VM:

- Students can accrue VCE credit achieved through multiple VET qualifications at Certificate II level or above, up to a maximum of 180 nominal hours of completed units of competency (UoCs). This will give students two VCE units towards the VCE / VCE VM.
- Students who complete 180 nominal hours of UoCs in a certificate II or above, then move into another certificate III or above in the same industry* will accrue VCE credit at Unit 3–4 level for the next 180 nominal hours of completed UoCs.
- Students who complete 180 nominal hours of UoCs in a certificate II or above, receiving VCE Units 1 and 2 credit, and then enrol in an approved apprenticeship or traineeship will accumulate VCE credit from the apprenticeship/traineeship in the following order: Units 3, 4, 1, 2, 3, 4.

For example, a student completes 180 nominal hours of training in Certificate II in Kitchen Operations and receives VCE VET Hospitality Unit 1 and 2. The student then decides to move into a Certificate III in Carpentry SBAT. For their next 180 hours of training, they will receive VCE Units 3 and 4. Each additional 90 nominal hours of training would accrue VCE credit in the following order: Units 1, 2, 3, 4.

This policy applies to:

- all SBATs in certificates III or above
- certificate II traineeships that are in the same industry* as VCE VET programs drawn from certificate II qualifications that provide VCE Units 1–4 credit (typically trade pathways or pre-apprenticeship qualifications).

* Qualifications deemed to be in the same industry for VCE credit purposes are determined based on their Training Package Industry Code (e.g. BSB, SIT, AUR, etc.)

VET credit towards the VPC

From 2023, students will gain VET credit into the VPC in the following way:

- 90 nominal hours-worth of completed UoCs from a certificate I qualification or above will provide one credit towards the VPC.
- Students can accrue credit across multiple VET qualifications, up to a maximum of 180 hours. This will give students two units towards the VPC.

VET QUALIFICATIONS

Schools are able to offer senior secondary students VET qualifications selected from the range of industry areas approved by the VCAA.

Successful completion of VET in the VCE VM or VPC can provide students with:

- a VCE (including the VM), a VPC or VCAL certificate issued by the VCAA, and a VET certificate issued by a registered training organisation (RTO)
- two statements of results issued by the VCAA giving details of units completed in the VCE, VCE VM, VPC or VCAL and UoCs completed in the VET qualification
- an enhanced ATAR, which can improve access to further education
- pathways into employment and/or further VET qualifications or training
- workplace experience gained through structured workplace learning.

Students value VET because it:

- allows them to combine general and vocational studies which for many, provides a practical focus in a range of industry areas
- provides direct experience of business and industry
- enables them to explore training in areas that will enhance their pathway choices.

Employers value VET because it:

- contributes to the development of entry level skills for their industry
- provides students with a practical and focused introduction to workplace requirements
- enhances the employability of students
- enables industry to contribute to educational programs in schools
- enables industry to participate in local community networks.

More information:

The 2023 VCE Administrative Handbook to be released later in 2022.

VETDSS ASSESSMENT PLANS

Courses delivered in the cluster that are relevant to VCE scored assessment are:

- HLT33015 ALLIED HEALTH ASSISTANCE
- CHC32015 COMMUNITY SERVICES
- BSB30120 BUSINESS
- CUA30120 DANCE
- 22470VIC ENGINEERING STUDIES
- ICT30120 INFORMATION TECHNOLOGY
- SIT20421 COOKERY
- CUA30920 MUSIC (PERFORMANCE)
- CUA30920 MUSIC (SOUND PRODUCTION)
- CUA31020 SCREEN AND MEDIA
- SIS30115 SPORT AND RECREATION

For details of the score assessment please see the **Assessment Plans document**.

GENERAL VETDSS PROGRAM INFORMATION

TRAVEL ARRANGEMENTS

Some students will be required to travel independently to and from the venue of the course they have chosen.

Wednesday and Thursday are the agreed VETDSS delivery time in the Hobsons Bay VETDSS Cluster. There will be a cluster bus provided on these days. It travels to all the schools in Hobsons Bay Cluster (bus times will be provided at the start of 2023).

When VET classes have finished for the day, all students must leave the HOST school's premises in a swift and timely manner.

STUDENT BEHAVIOUR OUTCOMES

Students will abide by the teacher's rules and the rules of the HOST School whenever they are on site. This includes meeting Occupational Health and Safety Requirements in and out of the classroom. Attitude and behaviour are to be of the expected standard.

Breaches of safety or serious offences will require students to be sent out of class. The HOST school VET Coordinator /RTO must communicate this by writing and phone to the HOME and HOST SCHOOL VET Coordinator where applicable on the day of the incident.

All incidents that occur relating to a student's behaviour must be escalated to Karen Kennedy (WynBay LLEN Partnership Manager) on the day of the incident so a course of action can be negotiated by all parties. All correspondence by all parties should be in writing. The action that might occur depending on the severity of the student's behaviour could result in a warning or a meeting between the Home School VET Coordinator, HOST school VET Coordinator, a parent, and the student.

A review of the student's continued participation in VET will be considered. Serious breaches in behaviour can result in an exclusion from VET.

DRESS CODE

Students are required to wear their Home School uniform when attending VET programs at delivery schools within the cluster. If attending University or TAFE students must comply with University / TAFE requirements. When students are completing a practical subject, students must bring their required safety or work clothes to the class and

change once they have entered the school/venue. Students are not required to wear school uniform on SWL.

Please note if any student studying a trade arrives at their VET class without their correct clothing, they will be asked to leave class immediately. The HOME school VET Coordinator must be called when a student is asked to leave a VET class.

STUDENTS ABSENCES

Students are permitted a maximum of 2 absences per semester or 4 for the year. An additional 2 approved absences will be allowed per year for school camps, excursions etc. Any more absences may result in the student not satisfactorily completing the units/modules. Students need to notify their VET Co-ordinators, trainers and/or the workplace in advance.

STUDENT CHARGES FOR VET

Please be aware that there is a student charge for all VET programs. VET programs can be very expensive and so the cost of the program should be considered carefully before selecting a VET. Please see your VET Co-ordinator for charges for 2023. Please be aware that there is NO REFUND if you do not withdraw from the VET program before the withdrawal Census date. Please see your VET Co-ordinator for details about withdrawing.

MINIMUM CLASS SIZES AND CHANGES TO PROGRAMS

Please be aware that if numbers are insufficient to meet a minimum class size the VET program will be withdrawn. Please note the following arrangements and course outlines are subject to change. Courses delivered at different sites may include modules which vary from the sample course outline included in this booklet. Students will be notified of changes prior to course commencement.

WHAT IS A STRUCTURED WORKPLACE LEARNING (SWL)?

SUMMARY

Structured Workplace Learning (SWL) experiences help students relate theory to a real-world work environment while developing their skills. SWL is a valuable component of all VET qualifications, and where possible should be spread across the duration of the VET program. It provides context for:

- enhancement of skills development
- practical application of industry knowledge
- assessment of units of competency/modules, as determined by the Registered Training Organisation
- increased employment opportunities.

In all cases, SWL is strongly recommended. Several VCE VET programs have a mandated SWL component. The SWL requirements are expressed in hours and weeks and are expected to be carried out over the duration of VCE VET programs.

SWL RECOGNITION

From 2023, SWL will also be available for students enrolled in the VCE VM or VPC. SWL recognition arrangements for these students are outlined in [SWL Recognition from 2023](#).

When you complete SWL, you can gain extra units towards your VCE, VCE VM or VPC by completing SWL Recognition. This process gets you to reflect on your SWL experiences in a Workplace Learning Record and discuss these with your school. This also applies if you are undertaking a school-based apprenticeship or traineeship.

- WLRs for VCE VET programs are available for download on the relevant [VCE VET programs](#) page or via the WLR list on this webpage.
- The SBAT WLR is available for download on the [Apprenticeships and Traineeships](#) page.
- The WLR (General) and further advice about general work placement will be available on the VCAA webpage in January 2023.

A SWL assessment record must be filled out and signed by the assessor or teacher. This can be found on the [SWL recognition assessment guidelines](#) page.

SWL ARRANGEMENTS

All structured workplace learning arrangements must comply with [Ministerial Order 55 — Structured Workplace Learning Arrangements](#) and the accompanying arrangement forms must be used — refer to the [Resources](#) tab.

The Department has developed comprehensive guidance, on the [Guidance](#) tab, to support schools to comply with their obligations under Ministerial Order 55.

SWL ARRANGEMENT FORM

This [Structured Workplace Learning Arrangement Form](#) must be completed and signed before the structured workplace learning commences. It must be signed by:

- the employer
- the student
- the parent/guardian of the student — if the student is under 18 years of age
- the Principal or Acting Principal — this authority cannot be delegated to an Assistant Principal or other member of staff.

The Principal must ensure a copy of the signed Arrangement Form is provided to each party. The Principal should retain the original copy.

Variations or amendments to the Arrangement Form may only be made in writing and must be signed by the employer, student, parent/guardian (if the student is under 18 years of age) and the Principal.

SWL TRAVEL AND ACCOMMODATION FORM

The [Structured Workplace Learning Travel and Accommodation Form](#) must be used:

- if it is proposed that the student may need to undertake vehicle travel with their employer and/or supervisor during the arrangement, including travel to-or-from the workplace
- if the student is required to stay in accommodation other than their normal place of residence while undertaking structured workplace learning.

The [Structured Workplace Learning Travel and Accommodation Form](#) must be signed by:

- for travel — both the employer and the parent/guardian — or the student if they are aged 18 years or over
- for accommodation — the parent/guardian — or the student if they are aged 18 years or over

OCCUPATIONAL HEALTH AND SAFETY

Principals must be satisfied that a student is either undertaking or has completed occupational health and safety (OHS) training prior to commencing structured workplace learning as follows:

- where a student is undertaking structured workplace learning as part of a VET program within VCE or VCAL — the principal must be satisfied that the student
 - is undertaking, or
 - has completed the OHS training unit of competency within the VET program.
- where a student is undertaking structured workplace learning which is not part of a VET program, or structured workplace learning which is not related to their VET program within VCE or VCAL — the principal must be satisfied that the student has completed an OHS program required by the Department as follows:
 - if the student is undertaking VCE Industry and Enterprise — they must complete [safe@work](#)
 - if the student is undertaking VCAL — they must complete Work Related Skills Unit 1 and [safe@work](#).

CHILD SAFE STANDARDS

To create and maintain a child safe organisation, all Victorian schools must comply with [Ministerial Order 870 — Child Safe Standards](#)

Child Safe Standard 6 requires schools to develop and implement risk management strategies to ensure students' safety in the school environment.

The school environment includes workplace learning environments where students undertake:

- work experience
- structured workplace learning
- school community work/volunteering,
- and School Based Apprenticeships and Traineeships

For more information, visit the [Department PROTECT page](#).

SCHOOL TO WORK

HOME SEARCH GUIDES LLENS CONTACT US

School to Work Portal

The place to find workplace learning opportunities.

Start Search Now

Find opportunities for structured workplace learning (SWL), school-based apprenticeships and traineeships (SBATs) and work experience (WE) with Victorian employers across the state.

There are many ways that secondary school students can connect to the world of work. Select 'Start Search Now' or learn more from the guides below.

3,756 Positions Available

23,423 Positions Used

Start Search Now

The Department has established the School to Work Portal — a website which provides students and teachers with a single, easy to navigate, information and referral point for structured workplace learning opportunities offered by a diverse range of employers.

Searching on the portal can be done by:

- location
- Industry, or
- VET certificate

WynBay LLEN helps school students undertaking VET as part of their VCE and VCE VM studies, including School-based Apprenticeships and Traineeships (SBATs), to access Structured Workplace Learning (SWL) placements in industry and business. We have contacts with employers in automotive, building and construction, electro-technology and other sectors.

If you are a student or teacher looking for structured workplace learning opportunities, visit the [School to Work Portal](http://www.workplacements.education.vic.gov.au/):

<http://www.workplacements.education.vic.gov.au/>

2024 VETDSS PROGRAMS

*Commencement of program will be dependent on adequate student numbers for enrolment and funding.

*Programs and units of competency are subject to change prior to commencement.

FEES AND APPLICATION:

VET COORDINATOR

COURSE CODE: HLT33015

CERTIFICATE III IN ALLIED HEALTH ASSISTANCE (PARTIAL COMPLETION)

Program Description

Certificate III in Allied Health Assistance provides students with the knowledge and skills that will enhance their employment prospects in the Health industry. These qualifications cover workers who provide assistance to allied health professionals and other health professionals with the care of clients.

Pathways / Career Opportunities

Upon successful completion of the Certificate III in Allied Health Assistance you will be prepared for further training to establish your career in a range of health fields. This course has pathways, and possible credit into further study in allied health, remedial massage and nursing.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

Holiday Training (may be subject to change)

Holiday Training may be expected for this course and will be confirmed at a later date.

Program Requirements

This course requires you to obtain a Working With Children Check. If you already have this check it is a great benefit! You MUST email vetinschools@gordontafe.edu.au a copy of the check.

BSBMED301	Interpret and apply medical terminology appropriately	60	Y
HLTAAP001	Recognise healthy body systems	70	Y
HLTHPS001	Take clinical measurements	50	Y

Commencement of program will be dependent on adequate student numbers for enrolment and funding. Programs and units of competency are subject to change prior to commencement.

COURSE CODE: MST20616

CERTIFICATE II IN APPLIED FASHION DESIGN & TECHNOLOGY

Program Description:

VCE VET Fashion is designed to give high school students an introductory overview of fashion design, introducing students to all facets of the design and production process, whilst simulating a work environment. It provides students with the design and development skills and knowledge to prepare them for work in the fashion industry. We offer small class sizes of up to 12 students. This is a great course to foster creative and technical skills. Over the 2 years' students will complete a nationally recognised Certificate II in Applied Fashion Design and Technology and a partial completion of Certificate III qualification.

In class you will learn and develop skills in fashion illustration, designing and interpreting sketches, working with patterns, sewing and applying quality measures.

This is a practical course that allows students to develop their creativity and produce high quality garments.

Pathways / Career Opportunities:

This course will lead to higher level studies at certificate III and IV level. Credit transfers may be available into Certificate III in Applied Fashion Design and Technology and Certificate IV in Applied Fashion Design and Technology. Career paths in the textiles, clothing, and footwear sectors may include employment in the clothing manufacturing industry as garment sample hands, machinists, garment cutters and makers, finishing operators, and quality assurance officers.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
 Programs and units of competency are subject to change prior to commencement.

COURSE CODE: AUR20720

CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION [LIGHT]

Program Description:

To provide students with the skills and ability to achieve competencies which will enhance their employment and further training prospects within the automotive and automotive related industries. The Certificate II in Automotive Studies provides students with a broad base of skills necessary to maintain and service a wide range of motor vehicles. This solid grounding in the principles of automotive maintenance and repair will give you a head start in gaining an automotive apprenticeship.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION (MECHANICS) [HEAVY]

Program Description:

The Certificate II in Automotive Vocational Preparation (Heavy) trains students with knowledge and skills to gain competency in carrying out service and repair procedures. Through this qualification, students will develop the competencies required to repair and service diesel engines and associated components. After completion of this course and sufficient industry experience, students may seek trade recognition.

Pathways / Career Opportunities:

This certificate will provide pathways to:

- Apprenticeships/Traineeships in the Automotive Industry
- TAFE courses in the Automotive Industry
- Auto- Mechanical / Body Fitting / Electrical /Diesel

Holiday Training (may be subject to change)

Holiday Training may be expected for this course and will be confirmed at a later date.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: BSB20120 / BSB30120

CERTIFICATE III IN BUSINESS PARTIAL COMPLETION (CERTIFICATE II IN WORKPLACE SKILLS)

Program Description:

This course will allow students to complete Certificate II in Workplace Skills in Year 1 with a partial completion of Certificate III Business in Year 2.

The Certificate II in Workplace Skills program prepares students for entry-level positions across a diverse range of business services settings and can help to open the door to a vast array of non-technical employment opportunities. It can also lead to further study in either technical or non-technical vocations and aims to develop the most common and transferable skills and knowledge required of almost any workplace.

The Certificate III in Business qualification reflects the varied roles of individuals across different industry sectors who apply a broad range of competencies using some discretion, judgement and relevant theoretical knowledge. Students will develop and build teamwork, interpersonal skills and organisational capabilities which can be used to further strengthen their employability skills postsecondary schooling. The importance of digital literacy in the workforce will be addressed, and students will gain a deeper understanding of its importance to their work lives.

Pathways / Career Opportunities:

Completion of the Certificate III in Business provides a pathway into training and employment in business and related industries. Potential occupations may include personal assistant, medical secretary, legal clerk or information desk manager. Further study through higher education pathways could lead to employment opportunities in commerce, management or marketing.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: CUA20120 / CUA30120

CERTIFICATE III IN DANCE (PARTIAL COMPLETION)

Program Description:

Certificate II in Dance aims to provide students with the technical and performance skills to begin the process of establishing a career in the entertainment industry. Students will learn the necessary knowledge and skills to enable them to participate in a variety of dance routines. Units 1 and 2 of the program include developing basic levels of physical condition for dance performance and basic dance techniques, sourcing information on the history and theory of dance and applying it to an area of work. Units 3 and 4 offers scored assessment and incorporates units such as sourcing and applying entertainment industry knowledge, preparing for a dance performance, refining basic dance techniques and applying basic dance techniques for performances.

Pathways / Career Opportunities:

VCE VET Dance will prepare you to audition for further (tertiary) training as a dancer, dance teacher or choreographer. This course will give you a taste of what the industry is like so you can work out if you want to pursue dance as a career. VET Dance is available as a VCE subject OR as part of a VCAL program.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE III IN DESIGN FUNDAMENTALS – NOT RUNNING IN 2024

Program Description:

With a focus on the fundamental skills of design, the Certificate III in Design Fundamentals aims to teach practical competencies relevant to creative design across a range of industries. With an emphasis on graphic and digital design, students will learn and apply skills to improve planning, layout, creative design and 3D modelling. Applying various digital and technical design skills, students will be prepared to interpret, respond, create and present to a range of design briefs.

Pathways / Career Opportunities:

A well developed understanding of design fundamentals can be readily applied in a wide range of contexts including:

- VCE Visual communication and Design
- Graphic Design
- Interior Design
- Architecture / Drafting
- Landscape Architecture
- Advertising
- Merchandising and Marketing

Holiday Training (may be subject to change)

Holiday Training may be expected for this course and will be confirmed at a later date.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE III IN EARLY CHILDHOOD EDUCATION & CARE (PARTIAL)

Program Description:

The Certificate III in Early Childhood Education & Care equips students with the skills and knowledge to enter the early childhood sector as a trained assistant. The program encompasses health, education and sociological aspects to prepare you for work in a range of environments. During the program you'll learn how to use organisational policies, procedures and individual children's profiles to plan activities and provide care to children, facilitating their leisure, play and enabling them to achieve their developmental outcomes.

Pathways / Career Opportunities:

This certificate will prepare students to work under direct supervision or autonomously depending on the setting. Occupational titles may include Child Care Assistant, Playgroup supervisor, Family day care worker, Child care worker, Mobile care assistant and Outside school hours care assistant. To extend careers in Early Childhood Education & Care it is recommended that students complete the Diploma of Early Childhood Education and Care course. Emmanuel College will assist you in gaining placement at an institution if interested.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL) [THE GORDON]

Program Description:

The Certificate II in Electrotechnology (Pre-vocational) aims to provide students with the knowledge and skills to achieve units of competence that will enhance their employment prospects in the electrical industry. It also provides students with increased opportunities of gaining an electrical apprenticeship. The program also provides experiences in and knowledge of occupations at Electrotechnology trade level enabling students to make informed choices in the selection of career paths. Students will also gain their Electrical Refrigeration qualification.

Pathways / Career Opportunities:

This certificate will prepare students for entry level employment in the Electrical Industry and enhance their opportunity in gaining an electrical apprenticeship. Potential career opportunities include self-employed electrician, site/factory electrician, electrical inspector.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

Holiday Training (may be subject to change)

Holiday Training may be expected for this course and will be confirmed at a later date

Program Requirements

This course includes the delivery of First Aid & Construction Induction (White Card). If you already have complete these units previously it is a great benefit! You MUST email vetinschools@gordontafe.edu.au your USI Transcript or Statement of Attainment prior to starting the course.

Students in electrical must wear safety boots and bring safety glasses to all classes.

CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL) [VIC UNI]

Program Description:

This course with Victoria University Polytechnic can help you get your foot in the door. It will give you the industry skills and knowledge to gain access to a wide range of apprenticeships offered in the electrotechnology industry. You'll develop technical skills and knowledge that will ensure you are ready for work in the electrical trade, including:

- basic electrical theory and workshop practices
- basic network cabling for extra low voltage (ELV) equipment and devices
- use of test instruments in the electrotechnology industry
- wiring and installation
- provision of basic sustainable energy solutions in domestic premises
- fabrication, assembling and dismantling utilities industry components
- working with electrotechnology equipment and use of test instruments
- workplace safety and first aid.

You will graduate with a nationally recognised qualification as well as credits for further training as an apprentice, or trainee in the electrotechnology industry in areas such as: electrical, renewable energy, air conditioning/refrigeration Instrumentation.

Pathways / Career Opportunities:

When you graduate, you could find employment in roles such as:

- apprentice electrician
- apprentice electrical fitter
- apprentice air conditioning and refrigeration mechanic
- renewable energy systems installer
- electrical engineering technician
- data and security installations.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

Equipment: overalls or workpants with rule pocket, safety boots, PPE – earplugs, safety glasses, calculator / A4 ring binder / ballpoint pen and notebook.

CERTIFICATE III IN EMERGING TECHNOLOGIES – NEW FOR 2024

Program Description:

This course will allow students to complete Certificate III in Emerging Technologies.

The Certificate III in Emerging Technologies program prepares students for entry-level positions in a range of industry, business and community contexts. It can also lead to further education and training or directly into employment, and aims to develop transferable skills and knowledge in the use of emerging technologies.

The Certificate III in Emerging Technologies qualification reflects the varied and in demand roles required in the digital world and how to apply a broad range of competencies using some discretion, judgement and relevant theoretical knowledge. Students will develop enterprise skills and the technical knowledge needed to solve work-place challenges, the impact of evolving technology on jobs, and engage in product design, 3D printing and Smart Cities.

The importance of digital literacy in the workforce will be addressed, and students will gain a deeper understanding of its importance to their work lives.

Pathways / Career Opportunities:

Completion of the Certificate III in Emerging Technologies provides a pathway into training and employment in a range of industry, business and community contexts. Some potential occupations may include Multimedia Designer, Social Media Administrator, New Product Designer, Smart Cities Developer, Digital Technician. Further pathways to the Certificate IV in Information Technology and Certificate IV in Cyber Security, through to Diploma and Bachelor levels.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE II IN ENGINEERING STUDIES

Program Description:

Certificate II in Engineering Studies provides students with the skills and knowledge to undertake an apprenticeship in the engineering trades. Units 1 and 2 cover areas in basic machine processing, fabrication techniques, using power tools and using computers for engineering related work activities. Depending on the electives chosen, Units 3 and 4 offers scored assessment and incorporates units such as producing basic engineering sketches and drawings, handling engineering materials and assembling and testing electronic engineering equipment and making it operational.

Pathways / Career Opportunities:

Certificate II in Engineering Studies provides a pathway into an engineering apprenticeship or traineeship which can lead into a range of careers in the engineering and manufacturing industries, including roles in conception, design, manufacture, installation and repair of a wide range of products. As a qualified tradesperson, occupations may include boiler maker, welder, tool/die maker, hydraulics/avionics/mechanical technician, drafter, mechanical fitter. This qualification also provides a pathway for students considering para professional careers in the engineering industry such as a Mechanical Engineer.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

Additional Costs: Protective clothing and minor equipment may also need to be purchased.

CERTIFICATE II IN HORTICULTURE

Program Description:

Certificate II is regarded as an entry level course. Graduates will have skills and knowledge to become a valued and productive employee within the Amenity Horticulture Industry. Graduates assist with planting and maintaining lawns, shrubs and garden beds in public or private gardens and parks. Upon successful completion of the Certificate II in Horticulture students may choose to complete an apprenticeship or traineeship in Horticulture, Parks and Gardens or Landscape Construction.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

The attire required for students are:

- Closed (safety) non-leather footwear - possible
- Long sleeve – high visibility shirt (preferably not yellow, and bees and bugs get attracted to it), and helmets for side-by-side driving
- Long Tradies Pants
- Disposable Coveralls will be provided
- Gardening gloves and will provide disposable nitrile gloves when handling other materials.
- Hat (summer months and when outside)
- Safety Goggles (it will be provided)
- Thermals (during winter).

COURSE CODE: ICT30120

CERTIFICATE III IN INFORMATION AND COMMUNICATIONS TECHNOLOGY

Program Description:

This two-year course will equip students with comprehensive skills and knowledge to enter the information and communications technology (ICT) field. The course provides the introductory skills and knowledge with an emphasis on using digital software and understanding PC hardware and network maintenance. In the first year of the course, students learn how to make 2D animations, a website and learn basic programming skills. In the second year, students learn about networking hardware and software, system administration and how to give advice to clients. Upon successful completion of all units, students will obtain the full certificate. To obtain a VCE Unit 3&4 study score, students will have to complete all core units in both years of the course.

Pathways / Career Opportunities:

Areas of employment may include working in personal computer support or network systems administration. With additional training and experience future employment opportunities may include front end developer, hardware developer, systems analyst, website developer, animator, helpdesk officer.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP)

Program Description:

This course will prepare graduates with the skills and knowledge for entry level into an apprenticeship (Certificate III) within the plumbing industry. The learner will be introduced to basic skills and knowledge that underpin the Certificate III in Plumbing. Taught skills include maintain safe workplace, use of industry tools, equipment and materials. This certificate can lead students towards an environmentally friendly professional pathway with students taught principles of sustainability as well as methods and strategies to identify employment opportunities in the plumbing industry.

Pathways / Career Opportunities:

On successful completion of the Certificate II in Plumbing (Pre-apprenticeship) you will have attained a prerequisite pathway into a Certificate III apprenticeship or registration level. After completion at the registration level you can continue with further study and complete the Certificate IV or licensing level and progress into running your own business. This course is also an alternative pathway available to students in to a plumbing retail environment.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

In regards to safety, all students MUST wear safety boots and bring safety glasses to all classes.

COURSE CODE: SHB20121

CERTIFICATE II IN RETAIL COSMETICS

Program Description:

Certificate II in Retail Cosmetics SHB20116 has been designed as a standard entry level qualification for the Beauty industry. The nationally accredited Certificate II in Retail Cosmetics gives you a strong foundation that combines your love of make-up and flair for customer experience.

This course engages in multiple parts of the beauty industry; practical components include units like: Make up design, lash and brow services, visual merchandising and many others that touch upon facials services and nail polish application. The students will be able to touch the day-to-day operations of working in a beauty salon or makeup counter, specialist makeup store (like Sephora), or Department store (like Myer or David Jones).

Likely functions within the Beauty industry for those who achieve this level of qualification include working within clearly defined contexts and under supervision. It involves communicating in the workplace, performing routine salon/store functions, demonstrating skin care products and designing and applying make-up in general and specialist situations.

Pathways / Career Opportunities:

Career pathway: Make-up artist, Beauty salon assistant and Retail cosmetics assistant.

Learning pathway: Upon successful completion of this program you may receive credit towards the SHB40115 Certificate IV in Beauty Therapy and SHB50115 Diploma of Beauty Therapy.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: CUA31020

CERTIFICATE III IN SCREEN AND MEDIA

This is also known as the VCE subject **Creative Digital Media (CDM)**

Program Description:

Units 1 and 2 students learn the key skills to produce digital works and explore a range of Adobe CC software. They use;

- Photoshop to prepare images for the web and advertising.
- Illustrator to explore digital drawing techniques, and illustration.
- Animate to create animations based on a brief.
- Dreamweaver to update and maintain websites.

Units 3 and 4 offers a scored VCE assessment contributing to an ATAR, as well as a VET Certificate. It includes assessments that cover 2D animations, writing content for media, web design and digital graphic design. This is where the students get to work for real and fictional clients and put all their creative thinking and software skills to use.

VCE Exam

If taken as a VCE subject you will sit an exam at the end of year 12. This exam is predominately practical and sat on a computer. It includes approximately 20 multiple choice questions, 13 short answer question. The practical component requires you to fix a broken website, create a simple animation and write or edit content for the website. Finally placing the content and the animation on the website.

Pathways / Career Opportunities:

The skills learnt during this program can be used in almost any career and are sort out by employers. Whether it be making your own business cards, creating and updating your employer's website, taking photos to advertise a business or making menus for your family's restaurant. With additional training and experience, potential employment opportunities may include: graphic designer, web designer, games designer, animator, Illustrator or digital artist.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: SIS30115

CERTIFICATE III IN SPORT & RECREATION

Program Description:

Certificate III in Sport and Recreation provides students with the skills and knowledge to work in the Sport and Recreation industry. In Units 1 and 2, students can choose from a range of electives to create a program of their choice, including teaching the fundamental skills of athletics, basketball, gymnastics or squash and implementing sports injury prevention. Units 3 and 4 offers scored assessment and includes core units such as conduct basic warm-up and cool-down programs, plan and conduct sport and recreation sessions and undertake a risk analysis of activities. Students also undertake electives drawn from the Aquatics, Fitness, Sport and Outdoor Recreation streams.

Students wishing to receive an ATAR contribution for the Units 3 and 4 sequence must undertake scored assessment for the purposes of achieving a study score. This study score can contribute directly to the ATAR, either as one of the student's best four studies (the primary four) or as a fifth or sixth study. Further information can be found on the VTAC website: www.vtac.edu.au

Where a student elects not to receive a study score for VCE VET Sport and Recreation, no contribution to the ATAR will be available.

Pathways / Career Opportunities:

Completion of Certificate III in Sport and Recreation may lead to job outcomes including facilitating sport and recreation programs, maintaining grounds and facilities and working in the service industry in locations such as recreation and fitness centres, outdoor sporting grounds or aquatic centres. With additional training and experience, potential job outcomes may include coaching, teaching and sports administrating.

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.
